

INSPECTION • TESTING • CERTIFICATION

ISO 9001:2015 Certified

December 21, 2018

To: NITC 6050 Examination Applicants
From: NITC Certification Department
Subject: ASSE 6050 Instructor Examination Requirements

Dear Applicant,

NITC, being committed to ensuring all examinations maintain the highest possible standard of quality, accuracy, and validity, *is now requiring* that all applicants sitting for the ASSE 6050 examination shall possess a current Medical Gas Systems Installer certification (ASSE 6010), **obtained through NITC**.

Both NITCs ASSE 6010 and 6050 examinations are, two of four examinations, accredited through the American National Standards Institute (ANSI). ANSI has a primary role in overseeing the creation, implementation, and use of thousands of norms and guidelines that impact businesses in a variety of sectors. ANSI accredits organizations that have demonstrated conformance to its stringent standards.

In keeping with those standards and maintaining our commitment to quality, NITC requires that all ASSE 6050 examination applicants must have a current Medical Gas Systems Installer certification (ASSE 6010) through NITC.

All other requirements for the ASSE 6050 Instructor examination remain the same.

We value our customers and are proud to deliver high quality industry examinations. Should you have any questions, please feel free to contact the Certification Department at NITC.

Sincerely,

A handwritten signature in black ink that reads "David M. Otterstein". The signature is written in a cursive style.
